DAY-BY-DAY ITINERARY

DAY 1

Arrival in Pokhara from Kathmandu

Altitude: 820m · Drive or flight from Kathmandu · Hotel stay in Pokhara

Arrive in Pokhara — Nepal's lakeside adventure capital, cradled between Phewa Lake and the dramatic Annapurna range. Travel from Kathmandu by flight (25 min) or tourist bus (7–8 hrs). Check in to your hotel and spend the evening getting familiar with your team and the route ahead. A trek briefing covers the 7-day plan, safety protocols, gear requirements, and what to expect on the trail. Rest well — the mountains are waiting.

- Hotel in Pokhara
- Trek briefing & gear check

DAY 2

Drive to Jhinudanda → Trek to Chhomrong

Drive: 3 hrs · Trek: 3 hrs · Altitude: 2,170m

An early morning drive from Pokhara takes you through the Modi Khola valley to Jhinudanda. From here the trekking begins — a steady 3-hour climb through terraced farmland, suspension bridges, and sub-tropical forest, arriving at Chhomrong (2,170m). This beautiful Gurung village perched on a ridge is one of the most culturally rich stops on the trek, offering the first dramatic views of Machhapuchhre (Fishtail Mountain), Annapurna South, and Hiunchuli rising above the valley.

- Drive from Pokhara
- First views of Fishtail & Annapurna South

DAY 3

Chhomrong → Bamboo

Distance: ~10 km · Trek: 6 hrs · Altitude: 2,310m

From Chhomrong, you descend steeply down stone steps to the Chhomrong Khola river crossing, then climb back through dense sub-tropical forest. The trail enters the Annapurna Conservation Area — flanked by towering bamboo groves, ferns, and moss-covered trees, with the roar of the Modi Khola far

-  Rhododendron forest trail

DAY 4

Bamboo → Deurali

Distance: ~8 km · Trek: 6–7 hrs · Altitude: 3,200m

One of the most dramatic days of the trek. The trail climbs steadily alongside the Modi Khola, passing through Dovan (2,505m) and Himalaya Hotel (2,900m) — vegetation gradually giving way to alpine scrub and rocky terrain as you gain altitude. You begin to encounter the first snow patches and the walls of the Sanctuary close in around you on all sides. Waterfalls cascade down from either flank. Deurali is the last village before the high alpine zone — the towering peaks of the Sanctuary feel impossibly close.

DAY 5

Deurali → Annapurna Base Camp

★ SUMMIT DAY

Distance: ~9.5 km · Trek: 6–7 hrs · Altitude: 4,130m

The day everything has been building toward. From Deurali you climb steadily, crossing the Modi Khola and passing through the ethereal Machhapuchhre Base Camp (MBC, 3,700m) with its breathtaking close-up views of the sacred Fishtail peak. The final approach to ABC is a gradual walk across a glacial moraine — and then the full 360° amphitheatre opens up around you. Annapurna I (8,091m), Annapurna South (7,219m), Gangapurna, Khangsar Kang, Hiunchuli — all towering above in one of the most awe-inspiring mountain arenas on Earth. Overnight at Base Camp.

-  4,130m — Annapurna Base Camp
-  360° Himalayan panorama

DAY 6

ABC → Dovan

Distance: ~11.5 km · Trek: 6–7 hrs · Altitude: 2,500m

Rise before dawn for the golden hour at base camp — Annapurna I glowing orange in the first light is one of the finest sunrises you will ever see. After soaking in the morning magic, the long descent begins. You retrace the route down through MBC, Deurali, and Himalaya Hotel, arriving at Dovan by mid-afternoon. The descent is long but the views are magnificent in reverse — the Sanctuary slowly releasing you back into the valley below.

-  Sunrise over Annapurna I
-  Long descent — take it steady

DAY 7

Dovan → Jhinudanda

Trek: 6 hrs · Altitude: 1,780m · Natural hot springs

Continuing the descent through Bamboo and up the stone steps through Chhomrong village, before dropping down to Jhinudanda beside the Modi Khola river. The reward waiting at the end of today is the famous Jhinu natural hot springs — geothermal pools right next to the glacial river. After nearly a week on your feet, slipping into those warm mineral waters with mountain views above is genuinely one of the best feelings on Earth. Well earned.

-  Natural hot springs at Jhinu
-  Through Chhomrong village

DAY 8

Trek to Jeep Stand → Drive to Pokhara

Trek: 40 min · Drive: 3 hrs · Back to Pokhara

A short 40-minute final walk brings you to the jeep stand, where a vehicle picks you up for the 3-hour drive back to Pokhara. Arrive by early afternoon. Freshen up, check in, and spend the evening on the shores of Phewa Lake — a well-deserved rest with Machhapuchhre reflecting on the water. The trek is complete. The mountains will stay with you long after you leave.
